Preconditions

1. The user is logged into the system at https://example.medicalcrm.com with the Admin role.
2. The user is on the "Calendar" page at https://example.medicalcrm.com/calendar.
3. The provider's schedule is selected and saved with the Start time "7:00 am" and without an End time.
4. The Time Interval is selected and saved as "15 mins".
5. The user has the "Add New Appointment" modal window open with the selected provider, visit status, and location.
6. The selected date is a working day for the provider and is not in the past.

Steps

1	Click the "Date & Time" field	A calendar with a "Time" column is displayed
2	Check the "Time" column in the calendar	The "Time" column displays a list of hours starting from "7:00 am" in the 12-hour am/pm format
3	Check the step between the adjacent time values in the "Time" column	The list of hours is displayed with a 15-minute step ("7:00 am", "7:15 am", "7:30 am", …)
4	Scroll the list of hours to the bottom	The last available time in the list is "9:45 pm" (before the clinic's working day ends at "10:00 pm")
