| **Environment:** | macOS Monterey 12.7.6, Google Chrome 142.0.7444.176 | | | | |
| **Summary:** | Tooltip is not displayed in the Sidebar Mini Calendar after saving the Start time | | | | |
| **Description:** | When saving a single Start time value, the tooltip in the Sidebar Mini Calendar does not appear when hovering over the date. It is displayed only after refreshing the page. | | | | |

| **Pre-conditions:** | | |
|---|---|---|
| | 1 | The user is logged into the system at https://example.medicalcrm.com with the Admin role |
| | 2 | The user is on the "Calendar" page at https://example.medicalcrm.com/calendar |
| | 3 | The user has the "Edit Provider In Calendar" modal window open with a selected provider, date, interval, visit status, and location |
| | 4 | The "Start" field contains a selected time value (the value is selected but not yet saved) |

| **Steps to reproduce:** | | |
|---|---|---|
| | 1 | Click the "Save" button |
| | 2 | Find the "Sidebar Mini Calendar" and hover over the selected date |

**Actual result:**

The tooltip with the provider's name and the time value does not appear after saving the Start time. It is displayed only after refreshing the page

**Expected result:**

Next to the selected date, after the provider's name in the tooltip, a single time value is displayed (without a dash and without an End time)
